## Instructions

Create your own pop-up National Portrait Gallery by folding along the dotted lines. Insert the tab into the slot to make the Gallery stand up. Now you have a Gallery – who will you choose to put on display?

*You can find lots of portraits on each floor to give you ideas.*

Here are some suggestions:

- An exhibition of people wearing hats
- Portraits with animals
- Family and friends
- Kings and queens

Now use the set of frames to draw your portraits, when you have finished, fold the card along the dotted line and hang them over the wall.

## More fun...

Pick up copies of other resources from our Family Activity Base

For full details of all our Family Programmes see [npg.org.uk/learning/families](http://npg.org.uk/learning/families)
